COVID-19 Updates

Mask Policy: As of now we will continue to require all NESD staff & students to wear masks while inside the building & in class through June. As Governor Sununu stated on 4/15/21: "It is important to

note that this mandate going away will not limit or prevent the ability of private businesses and local cities and towns from requiring masks. Of course, we continue to encourage folks to wear masks when they are unable to socially distance.”

Travel: If you are travelling outside of New England we will require that you get tested for COVID-19 & provide the results to NESD before returning to classes.

If you have been fully vaccinated & it has been two weeks since your second dose you will not be required to get a test to return to NESD classes.

Sanitizing: We will continue to require students to sanitize their hands upon entering & exiting the studio, take temperatures & sanitize hard surfaces between classes.

We appreciate your cooperation and will update you with any changes in the coming weeks. Please let us know if you have any questions!
